

CELebrations!!

This year our CELebrations are being tied into classroom goals. The classrooms will set up for behavior or academic goals. When the class reaches their goal, they will receive a classroom break of some kind determined by the teachers.

Quarters

CELebrations are now held quarterly. Students must have no majors for the entire quarter in order to participate. Students in K - 4 will have a CELebration at the school, and the older students will be treated to an outing off school grounds.

Re-Teaching

Re-teaching is for students who are unable to attend the CELebration. This is not meant to be a punishment. It is a time of reflection. Students reflect on the behaviors that were responsible for their referrals and what they could do to change these behaviors in the future. Students work together in team-building exercises to help them come up with solutions that will remind them to show respect for their community, environment, and learning.
